

Working on project and presentation of it

Day X

March 24, 2017; Friday

As usual, at 8:00 am participants get together for morning meditation. This was followed by breakfast and started day's first session by working on project in group. At 10:45 am, we had group wise presentations by on the projects we have chosen. Firstly, environment group talked about organic farming. Thereafter, Livelihood and economy group talked about uplifting economy by ensuring livelihood for weaker sections of society. The aesthetics group talked about creating an online platform for sharing different arts. Then, community group talked about creating community in school and group working on evolution of societies talked about researching on evolution of human societies on the basis of socio-cultural evolution to bring out similarity so as to promote peace. Finally, philosophy group talked about brining harmony through philosophy

Chart prepared by Evolution of societies group

At 1:25 pm, we had lunch and headed to Pallavan School from RTDC hotel. At Pallavan school, analysed feed backs from other groups about own project. Later, each group shared their feed back to all the participants. Additionally, there were feed backs from coordinators for re-analyse feasibility of project. At 3:29 pm, we had an hour of writing project proposal with discussion in group.

Discussion about project in the afternoon session in group

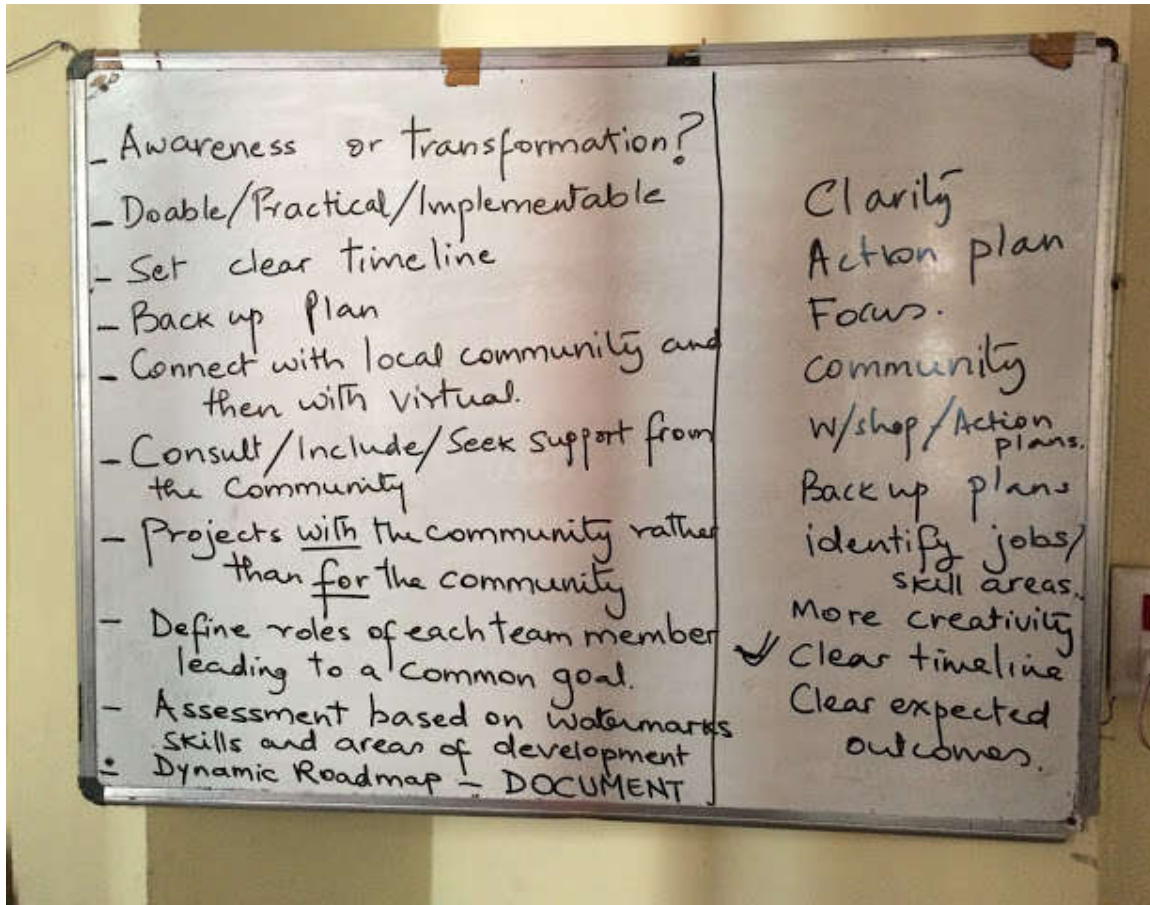

Discussing seriously about project work

Engaged in serious discussion about project in group

Analysing feedbacks about group project

Feed backs from the resource persons chalked out on white board

At 4:30 pm, we played treasure hunt game which was followed by tea recess. At 5:00 pm, we the teachers had session with resource persons. The session was followed by Frisbee time for half an hour. Finally, 7:05 pm question for reflection was announced. The questions are 1) How do you feel about the project? and 2) How well did I do in the presentation? The days programme was ended with presentation and expression of passion in the conference room, Jhalawar.
